GREENWOOD CITY

— Mrs. Collis Morgan, Corres. —

Again it's nearly May and with its coming the trees will put on a spectacular pageant with their leaves. They can always arrest attention with their mass, color, motion and sound. Their designs are also magnificent, too. Note the maple for instance. It makes a perfect pentagon around a point where the diagonals intersect. Nearly everyone recognizes the trident of this leaf as well as rugged lines of the oak. The form of these two trees also bear a subtle resemblance.

Have you ever noticed the form of the buds found at the end of the maple twigs in winter? The longest bud is found in the center and the two smaller ones out on each side. All three form a trident like the lobes of the leaf.

We shall miss our lovely old elms which have in the past grown near the house. They must come down. This tree's leaf has a graceful smooth contour and its heart-shaped base has the same curves as its branches, fountain-like.

The poplar leaf resembles its tree, narrow and tapering.

Probably, of all the leaves, those of the birches are the most delicate in texture and softness compared with the shiny leathery ones of some other trees. Birch leaves are attached to very slender twigs.

Leaves are creatures of light adjusting their positions by bending or varying the length of their stems.

But I suppose leaves were never made just to admire, however; even if they do make life more interesting and lovely.

All these leaves are food miracle-makers and water-gatherers. They'll soon start their season's work making their food out of water and air powered by the sunlight.

We so often take our trees for granted instead of looking with curiosity; where have the leaves that the tree unfurls in spring been stored for the winter? Why are they green?

Look twice at the spring trees; you'll find them exciting, refreshing and reassuring.

This poem "Romance" I often have used in the past for fun especially on Valentine's Day. All answers are trees. How many do you know?

Mrs. I was both sweet and fair,
With smiling eyes and -2- hair,
She was a -3- and brave -4-
Long had been her loving beau.
In neat attire, with cap of -5-
He boldly went to pop to her.
She looked quite -6-, we must confess,
In her -7- colored dress.
Soon her -8- he was a-claspin'.
As set there tremblin' like an -9-.
He said: "I love -10-; for you I -11-."
Oh, won't you be my valentine?
If you won't, I tell you true,
I shall sigh and -12- too.
We'll make a fine -13-; please let me know
What -14- you'll be to the altar go."
She said: "To wed you is my intent
I'll give you his consent."
He said: "I'm willin', I am by -16-;
Gee a worker an'll make things hum."
So to the -17- they hied away,
And married were on Valentine's Day.

HOW CAN YOU MAKE A BETTER CUP OF COFFEE?

First, buy bean coffee...not pre-ground coffee. At A&P, we sell bean coffee. The coffee bean is nature's seal that holds the flavor. Once that seal is broken by grinding, flavor fades... NO MATTER HOW IT'S PACKAGED. The shorter the time between grinding the beans and brewing your coffee, the greater the flavor.

Second, have the beans ground to fit your coffeemaker. At A&P, we custom grind the beans in a choice of seven different grinds...not one or two. If you're using pre-ground coffee, switch. This week, have an A&P bean coffee custom ground to fit your coffeemaker. You'll make a better cup of coffee.

Moving and relocation aren't

As a senior, Judy is a finalist in
the National Merit Scholarship com-

Judy is one of five senior girls
at Gould who studied and traveled
in France from the first of January
until the last of March this year.

TELSTAR GETS BY LISBON, 8-3
IN M. V. C. DIAMOND OPENER

Peter Blake pitched a three hitter
Monday as Telstar Regional High
School of Bethel topped host Lis-
bon 8-3 in a Mountain Valley Con-
ference East Division opener.

The Rebels picked up a single tally
off starter and local Wayne Rob-
erts in the third inning and en-
tered with four runs in the fourth
on four hits, one a triple by Wayne
Cummings, and four bases on balls.

basing game in the bottom of the
fourth but Telstar bounced back
with three runs in the sixth on a
walk and three straight hits off re-
liver Rick Martin. Lisbon's other-
tally came in the seventh.

TELSTAR R. H. S. NEWS

COUNCIL COMMENTS

Telstar's basketball team started their season off in fine style with an 83 victory over Lisbon. Good playing, boys!

Drama Club, too, has been working hard for it is only a mere three weeks (or less) that their production of "Arsenic and Old Lace" is presented. The set has been built and now finishing touches are being added in the way of smaller props.

The girls track team is looking forward to their first meet two weeks from now.

Friday night a number of Telstar students are traveling to University of Maine Farmington to attend their production of "Arsenic and Old Lace." Chris Greenleaf, former Telstar student, is playing one of the three female lead parts. — Betsy Stowell.

P. S. Anyone knowing the whereabouts of a Victorian sofa, and would be willing to lend it to us for our play, please contact Drama Coach, Mrs. Helen Berry.
